NEWS & UPDATES

ABOUT UFO

UFO is an ISO 9001 (Quality Management) and ISO 14001 (Environmental Management) certified association built on a foundation of mutual trust, shared knowledge, experience and resources to help each Member company grow their business by either referring one another or doing business directly with one another. With 100+ independent freight forwarders located in 95+ countries, we are proud to be an exclusive network with a 'Two Members per Country' policy (with the exception of USA and China).

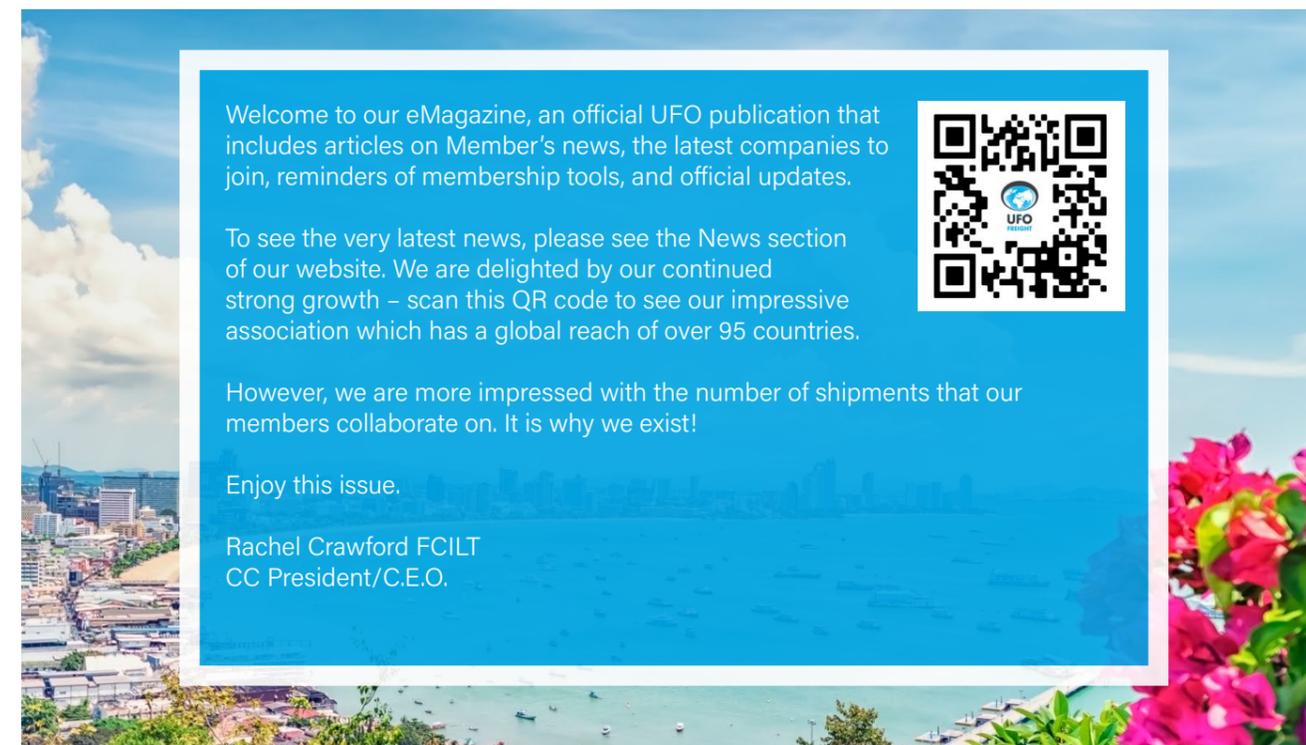

MEETING HUB

Good communication is extremely important which is why UFO has invested in a bespoke Meeting Hub where our Members can connect virtually using the platforms that have now become an essential part of daily life including Zoom, Google Meet, Skype, and WhatsApp. Watch this video to see how the system works.

SUCCESS OF EUROGATE LOGISTICS POLAND IN THE FORBES DIAMONDS 2024 RANKING

Eurogate Logistics (UFO members in Poland) have great pleasure in announcing they have once again been honoured as a laureate of the esteemed '**Forbes Diamonds 2024**' ranking.

The 16th edition of the ranking, made in collaboration with the Forbes Editorial Team and Dun & Bradstreet Poland, is the compiled list of **the most dynamically developing companies in Poland**.

The Forbes Diamond title is undoubtedly a reason to be proud, especially since Eurogate were distinguished in the category of companies with revenues exceeding PLN 250 million. The success is the result of the **joint effort, commitment and determination** of the entire Eurogate Logistics team in creating the best logistics solutions and delivering the highest quality services in the dynamically changing market. It is also proof of solid financial results and business stability.

Grzegorz Ocipka, Vice-President of Eurogate Logistics Poland, said; "The title of Forbes Diamond is a great honour for us. This confirms our belief that we have been on the right path over the last years. We treat it as additional motivation to continue working and improving the services we provide.

We would like to thank all our employees for their everyday hard work, our clients for their trust and loyalty and our business partners for fruitful cooperation. Without you, this achievement would not have been possible."

JETWELL LOGISTICS IN CHINA SHARE THEIR 2023 UFO DATA

Members in China, **Jetwell Logistics** are delighted to share their UFO data for 2023.

Macarena Wang (Group Operation Manager at Jetwell) explains; "It is the time to share the happiness with you again! In 2023, we handled a total of **261** bills of shipments with 13 UFO members. Out of these shipments, 146 were from fellow UFO members and 115 from Jetwell.

As always, we would like to take this opportunity to give our many thanks to the UFO network and it's members for the usual great support!

The UFO Head Office gives thanks and congratulations to Jetwell Logistics for continuing to be such a reliable and active member!

UFO NETWORK MEETING 2024 - EVENT SUMMARY

More than 70 CEOs & Senior Managers from over 45 countries joined together for our 21st Network Meeting held at The Royal Cliff Hotel in Pattaya, Thailand on February 18th-20th.

Thank you to all those who attended our recent gathering! Our Network Meeting significantly saved our members valuable time away from their offices and reduced substantial travel expenses by facilitating **P2P meetings in a single location**.

The group gathered on Sunday evening at the stunning Sky Aquarium Infini Pool overlooking the Gulf of Thailand to enjoy a Welcome Drink by sunset and then settled down to a delicious International Buffet. A private DJ helped us enjoy the ambience and the evening crescendoed with a spectacular waterside fireworks display!

Our CEO, Rachel Crawford, set the tone for the official meeting proceedings by extending a warm welcome to delegates and emphasising the paramount importance of unity amidst global conflicts. She reiterated our collective commitment to transcending political and religious differences in pursuit of a common goal: fostering collaboration and support within our global family.

Rachel said: "We have sadly witnessed a great deal of global conflict over the past two years. When we tune into the news during these troubling times, our first worry is the safety and welfare of our network friends. As I've always said at the beginning of our gatherings, we are a global family with the single aim of uniting you, putting our political and religious differences to one side. I always take immense pride in our ability to assemble in one space, representing various cultures and backgrounds, all with no other objective than to find ways to work together. So, thank you for your care and your support for each other."

Our **Online Heavy Transport Training** has proved to be incredibly popular since its launch in 2017 and was not only the proud Finalist in HLPFI's 'Training of the Year' but so far has also been used by Kuehne+Nagel, Bertling, Schenker, Panalpina and DHL as well as companies in over 50 countries.

UFO thrives on innovation, but what truly drives us is the opportunity to provide our members with valuable benefits that can significantly enhance their business. Therefore, we are proud to be launching an exclusive collection of new training videos. In general, stability often entails lengthy calculations that typically require an engineering degree. Nevertheless, we have condensed this complex subject into a single fundamental concept. What's crucial is that we can achieve this through graphical representation, sidestepping the need for intricate calculations.

Naturally, this approach can never replace the role of engineering, but it provides genuine insight into why one scenario succeeds while another falters.

The expertise obtained from the videos can be applied to your daily work immediately and illustrate that stability in the various domains: transporters, cranes, and barges, essentially boils down to the same underlying principles of nature.

To the best of our knowledge, there has been no precedent for explaining the transport, lifting, and maritime stability concepts as an integrated whole. All UFO Members will have free access to the course and delegates were provided with a handout with QR codes for each of the 5 videos.

The **winners of our Awards** were presented with their trophies. For 2024, we put the power in Members' hands by inviting them to nominate their favourite members across six categories. This new approach provided members with an opportunity to highlight and nominate the most exceptional companies within our network. Each award stands as an acknowledgment of the dedication and contributions made by our outstanding members.

2024 Regional Award: Middle East & Africa
Intraspeed South Africa

2024 Regional Award: The Americas
Express Air Freight

2024 Regional Award: Asia & Pacific

2024 International Member of the Year
Euro Cargo Express

Delegates then got down to business and held numerous 1-2-1 meetings with each other, aided by our Countdown Clock and their pre-arranged Meeting Hub schedules. The system not only promotes environmental sustainability but also provides the unique advantage of real-time scheduling.

This means that delegates could spontaneously arrange new meetings during the event (useful if an existing one is cancelled), ultimately optimising their time and ensuring they have the opportunity to connect with as many companies as possible.

Amidst the hustle and bustle of meetings, our **Chill Out Zone** provided a relaxed setting for friendly competitions and photo ops, fostering new relationships and strengthening existing ones.

After a busy day in the meeting room, it was time to relax with an exclusive Thai/European Group Dinner & Disco. The delicious dinner was washed down with an open bar with a surprise performance from **Barbara Hiebendahl** of **ECX Global Logistics** who wowed us with her puppeteering skills. The evening provided the perfect opportunity to relax together with many enjoying the opportunity to dance with new and old friends.

Gratitude is extended to our sponsors, **Scanlog** and **CargoWise** for their support and a heartfelt appreciation to all who contributed to our charity **SOS Childrens Villages**.

As we reflect on the success of this gathering, we eagerly anticipate our **next rendezvous** at the Azia Resort & Spa in **Paphos, Cyprus** on **27-29 April 2025**, where we'll continue to foster connections, drive innovation, and celebrate the strength of our global network together.

We hope to see you all there!
