Dear Rachel,

It was a wonderful surprise to receive your email informing us of the funds that had been raised at the meeting of the Universal Freight Organisation.

This has been a difficult year for everyone of course. In Lesotho and Botswana the children we work with have faced a particular challenge. They are some of the most vulnerable children in their countries; living with or affected by the impacts of HIV in their families and communities. Covid-19 has affected the ability of their caregivers to work. It has also meant that without our help they may not have been able to reach their nearest health facilities to collect their medications and seek much-needed referrals for other issues affecting their physical and mental health.

I can confirm that we have received £1055 and we will use these funds wisely - applying them to the areas of greatest need.

Yours sincerely,

Graham Leigh
