## Dear UFO Family & Friends,

We are excited to announce that our 18th Annual Network Meeting will take place from 28-30 April 2019 at Gaborone International Convention Centre (GICC) at The Grand Palm Resort in Botswana.

IATA reports that global air freight is growing at its fastest rate since 2010. Last year, Africa posted the strongest growth among all regions, up 24.8%, with Africa-Asia trade increasing by more than 64% following an increase in the number of direct flights between the continents and driven by ongoing foreign investment into Africa.

Despite Africa's robust growth, there is still much untapped potential for exporters, importers and therefore freight forwarders. We want to provide the opportunity for UFO Members to understand, explore and secure business in this rapidly expanding marketplace.

We have an exciting schedule planned with special guests, a Game Drive and Bush Braai Dinner at Mokolodi Nature Reserve and a grand finale at a wonderful outdoor setting adjacent to a picturesque lake where a feast will be enjoyed whilst seated around a blazing bonfire under the African sky.

We look forward to spending this special event with you.

Kind regards,

**RACHEL HUMPHREY**  
President/C.E.O.

# Overview

Botswana is considered one of the safest and most stable countries in Africa. Botswana has a small population of 2.2 million; however, it has the potential to leverage its position in the region to serve as a gateway to the southern African market. Botswana is a member of the Southern African Development Community (SADC), a regional intergovernmental organization of fifteen African states. The SADC Trade Protocol provides each member state special treatment on import and export duties.
