

UFO FUTURE: UNDER 30s SCHEME

Established in January 2000, our friendly and professional ISO 9001 and ISO 14001 certified organisation is one of the world's only remaining exclusive freight forwarder networks and is represented in over 105 countries.

Our network is nearly 20 years old (or young?!). I'm afraid none of us, no matter how hard we try, are getting any younger.

During our **Annual Meeting** we discussed the importance of investing in the next generation as they will be the ones to continue our work and who will push our businesses through the next 50 years.

It was agreed that we should highlight and nurture the vital role freight forwarders play in the growth and development of our industry.

We recognise the importance of developing and retaining talented young people in our industry and to attract more recruits that want to build a career in a sector that is so important to economy and international trade.

We have already introduced our new **eLearning platform** and **Staff Exchange Program**, both of which we hope will be of benefit to our Members.

We also acknowledge that our annual gatherings provide the perfect opportunity to integrate young people into our network and secure future business between UFO overseas offices.

Therefore, we are delighted to introduce our new UFO Future: Under 30s Scheme.

When you book onto our **2019 Annual Meeting in Botswana**, you can register a 2nd delegate who is under 30 for a hugely discounted fee of only £360.

It is important that our younger staff become more visible and develop stronger relations with other staff of similar age at their fellow UFO overseas offices.

Attending our event will be a great chance for Under 30s to gain professional growth, business development and will help secure the continued (and future) success of UFO.

If you take part in our UFO Future: Under 30s Scheme your staff will learn through our experienced and knowledgeable CEO's and Senior Managers.

To make their attendance even more valuable, they can then bring their experience back to the office and share it with other young staff.

Having the responsibility of bringing their training back to share will encourage your 2nd delegate to be present and engaged during the meeting.
